

# BISHOP'S GRANULAR EFFERVESCENT CITRATE of MAGNESIA AND OTHER GRANULAR EFFERVESCENT PREPARATIONS.

## CAUTION.

### TO SHIPPERS AND OTHERS.

WHEREAS the Original Inventor of the above Celebrated Saline Draught has discovered that large quantities of an inferior preparation have been shipped to the Colonies and elsewhere, purporting to be Mr. Bishop's Manufacture, and bearing labels similar to those registered and issued by him, Notice is Hereby Given, that the genuine Bishop's Granular Effervescent Citrate of Magnesia is manufactured by the undersigned only, and Shippers are cautioned to see that each Label bears the Trade Mark and full Address of

ALFRED BISHOP, Manufacturing Chymist, 17 Speck's Fields,  
Mile End New Town, London, E.

Throughout Great Britain, in most of the cities of the United States, and in large towns of our various Colonies, it is very usual for the chief chemists to keep no other Granular Effervescent Citrate of Magnesia than "Bishop's." The reason for this universal preference is that, since its introduction in 1857, it has been found that none of the Imitations of this preparation, *originally introduced by Mr. Bishop*, have been able to compare with it in reliability as a medicine, or in *purity and freshness of flavour, as a cooling drink*. Full directions on each bottle.

Dr. Redwood, Professor of Chemistry at the Pharmaceutical Society of Great Britain, thus writes:—

"I have examined a great many samples of Mr. Bishop's granulated preparations, obtained at various times and from different sources, and have found them to be very uniform in character, fully charged with Carbonic Acid, and obviously made with great care and accuracy."

# BISHOP'S GRANULAR EFFERVESCENT CITRATE OF POTASH

Contains eight grains of this admirable anti-febrile salt in each drachm, keeps well, and yields a delicious effervescent draught. It is more efficient, more economical, and more convenient than the ordinary alkaline waters, and much superior to the various fixed powders, which consist mainly of tartrate of soda.

A Customer writes:—"It is the nicest effervescing preparation I have ever tasted, and is infinitely pleasanter than the bottled waters."

Dr. G. O. DREWRY, in his *Common Sense Management of the Stomach*, recommends for indigestion, Constipation, &c., "the GRANULAR EFFERVESCENT CITRATE OF POTASH as very agreeable, mild, and cooling laxative, when taken in doses of one dessert spoonful in half a pint of water before breakfast."

Sold by all Chymists, in Bottles, at 1s., 1s. 6d., and 2s. 6d.

Observe that the Name, Trade Mark, and Address of the Maker is on each Bottle.

ALFRED BISHOP, Chymical Factory, Speck's Fields, Mile  
End New Town, London, E.

Physicians' and Surgeons' Prescriptions accurately compounded, under the personal supervision of a qualified Manager. None but the purest Drugs and Chemicals are used in this Establishment, as they are ordered only from houses of the highest repute in the trade.

As no coarse business is done, the public have a guarantee that delicate Preparations will not be affected by odours or gases emanating from Oils and Colours or strong Acids.

A mistake is almost impossible to occur, as all Poisons are kept in a separate case, and each labelled with the words *Caution—Poison*. Besides, Linaments and Lotions are sent out in coloured fluted bottles, so that both sight and touch are called into requisition in their administration. Moreover, all Medicines are checked before being despatched.

## General Grocery, Tea, Wine & Spirit Warehouse, 4 Rutland Street, LIMERICK.

JOHN HAYES, PROPRIETOR, confidently invites the attention of the public to his carefully selected stock of Teas, Sugars, Port and Sherry Wines; Jameson's Old Dublin Malt Whiskey; Guinness's XX Porter; Bass and Allsop's Celebrated Bitter Ale, &c., &c., which will be found equal, if not superior, to any in the Trade.

J. H. takes this opportunity of returning thanks to his many friends and customers for their patronage since he commenced business, and he can only say that a falling away in the class of goods will never prove an excuse for the withdrawal of their support.

Country Orders promptly attended to.

By the last returns, presented in March 1874, it appeared that the accumulated "*Life Funds*" of the National Assurance Company of Ireland amounted to upwards of 35 per cent. of the Total Sums Assured.

*Independent of the LIFE FUNDS, the Company has other LARGE RESERVES, which afford to assurers an additional SECURITY of the most substantial character.*

The Company grants Loans on approved security, the same being repaid by instalments, which include capital and interest, and the premiums for the assurances on the lives of the borrowers.

MR. KELLER has received permission to announce that the above most distinguished Musical and critical families have engaged MR. KELLER in preference to any other Pianoforte Tuner in the United Kingdom.

MR. KELLER wishes to inform the Nobility, Aristocracy, and Public, that they will find it greatly to their advantage in every respect to honour MR. KELLER with their esteemed orders for Instruments, as he selects every instrument personally, and imports the very finest instruments, from the cheapest to the most costly made; and the most important of all is, that MR. KELLER, instead of entrusting the tuning, like other houses in Ireland, to second or third-rate tuners, attends personally to every pianoforte from his house.

**SPECIAL ADVANTAGES.**

**Moderate Premiums.**—The Company was established for the purpose of effecting Fire Insurance on a system of Equitable rating, each risk being dealt with on its individual merits, without reference to any hard-and-fast line laid down by the Associated Tariff Offices. In fixing the Rates of Premiums, superior construction of Premises, careful management, and any other favourable features will receive every consideration.

**Bonus to Policy-holders.**—All Premiums rated below 7s. per cent., upon which no fire shall have occurred for six years, will be insured free of charge the seventh year; or any Policy-holder wishing to insure for seven years will only be charged for six years' premium.

**Fire Extinguishing Appliances.**—These having proved their undoubted value in reducing the loss in case of fire, the Directors of this Office have had a scale of discounts prepared, which will be allowed from the Premium, for the various appliances at present in use.

**SURVEYS MADE & RATES QUOTED FREE OF CHARGE.**

Offering the above advantages, with the security of a large paid up as well as subscribed capital, Insurers will be consulting their own interest, at the same time supporting an Office whose system is much more equitable than the offices above referred to, by having their policies transferred as they fall due.

Full particulars, Form of Proposal, Prospectus, Balance Sheet, etc., can be obtained on application to the Resident Secretary for Ireland—

# LAMPLOUGH'S EFFERVESCENT PYRETIC SALINE

Proved to be the best Preventive of Smallpox  
and Fevers.

It is the most agreeable, vitalising and refreshing of all Salines, and gives instant relief in Headache, Sea or Bilious Sickness, and quickly cures the worst forms of Eruptions or Skin complaints. The various diseases arising from Constipation, Climatic Influences, the Liver or Blood Impurities, Inoculation, the results of breathing air infected with Fevers, Measles or Small-pox, are cured and prevented by its use.

Taken as a Morning or Evening Draught, it is most agreeable, invigorating and cooling; it removes Bilious Affections, Heartburn, and Acid Eructations in a marvellous manner.

"It will cure the **worst form** of Ordinary or Sick Headache in ten minutes." DR. PROUT characterises its discovery as "unfolding germs of immense benefit to mankind." The late Dr. Turley states in a letter that in the worst cases of "Scarlet and Typhus Fevers, he found it in his experience and family to act as a specific, no other medicine being required."

Important to Travellers, English Ministers, British Consuls and Europeans seeking to reside in safety in Tropical and Foreign Climates. Her Majesty's Representative, the Governor of Sierra Leone, in a letter of request for an additional supply of the Pyretic Saline, states:—"It is of great value, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

**Sickness, Headache and Nausea**, are in most cases immediately relieved by taking a teaspoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

**Sea Voyages**.—It is a very valuable accompaniment, and should on no account be omitted; it instantly allays the sickness.

For **Bilious Constitutions**, giving rise to vitiated Secretions, Indigestion and Eruptions on the Skin, a teaspoonful should be taken daily with dinner, in a tumbler of water, and the same quantity on going to bed.

In **Measles, Scarlet, Typhus, Jungle, or Gastric Fevers and Eruptive Diseases**, it should be given in teaspoonful doses every four hours, in a glass half full of water, or with an increased quantity of water if the patient suffers from thirst. If accompanied with sore throat or enlarged glands, well rub into the part strong hartshorn and oil until redness is produced. The late Dr. Turley, of Worcester, stated he found this Saline a specific in these diseases, no other medicine being required. Persons at a distance from medical aid would do well to have such simple remedies by them."—*Illustrated News of the World*. This Saline has been found successful in every instance in which it has been used.

**Heartburn and Inward Fever**.—One teaspoonful should be taken in half a glass of water, and repeated if needful.

**CAUTION.** Other Salines being placed before the public, merely with the words of my labels transposed, which do not contain any of the health-restoring elements of LAMPLOUGH'S Pyretic Saline, it is of the utmost importance that my Name and Trade Mark on a Buff-coloured Wrapper should accompany each bottle, and on which dependence alone can be placed.

Sold by all Chemists, in Patent glass-stoppered Bottles, 2s. 6d., 4s. 6d., 11s. and 21s. each.

## LAMPLOUGH'S CONCENTRATED LIME JUICE SYRUP,

From the Fresh Fruit, as imported for the Hospitals; a perfect Luxury; forms, with the addition of Pyretic Saline, a most delicious and invigorating beverage, particularly for the Delicate and Invalid; of special service in *Scrofula, Fevers and Rheumatism*, and a low or altered condition of the system. Most Chemists sell the above with the Pyretic Saline. In Patent glass-stoppered Bottles at 2s. and 4s. 6d. each.

Have them in your houses to secure these advantages.

**STEEDMAN'S SOOTHING POWDERS.**

**For Children Cutting Teeth.**

The value of this Medicine has been largely tested in all parts of the world, and by  
 all grades of society for upwards of fifty years.

Its extensive sale has induced Spurious imitations, in some of which the outside  
 Label and the coloured Paper enclosing the Packet of Powders so closely resemble the  
 Original as to have deceived many purchasers. The Proprietor therefore feels it due  
 to the Public to give a special caution against such imitations.

All purchasers are therefore requested carefully to observe that the words "JOHN  
 STEEDMAN, Chemist, Walworth, Surrey," are engraved on the Government Stamp  
 affixed to each Packet, in White Letters on a Red Ground, without which none are  
 genuine. The name STEEDMAN is spelt with two EE's.

Prepared ONLY at Walworth, Surrey, and Sold by all Chemists and  
 Medicine Vendors, in Packets, 1s. 1½d. and 2s. 9d. each.
